6. Are there any concerns or difficulty you have come across regarding making? Why?

7. How do you see yourself as a maker? Why?

8. What do you wish the makerspace in your school can do for you and your peers?

### Free Response Questions:

These questions are the same ones as the first questionnaire. We will compare your answers here with the ones you gave at the very beginning to see if there are changes. Please respond as a group and give only one set of write up.

Your team's mission about the making community, maker education, and makerspace in your school:

1. Through the following four questions, you will describe your vision of the maker community in your school, including the environment it relies on to thrive, various roles it serves, and the relationship between these roles.
  - a. Describe your understanding and vision of
    - i. Who do you think will be the makers in your school?
    - ii. What types of making will they do?
  - b. Describe your understanding and vision of
    - i. Who do you think should be the supporters of these makers?
    - ii. What kind of support each supporter is supposed to give?
  - c. Describe your understanding and vision of
    - i. Who will be the beneficiaries of these making projects?
    - ii. In what ways they will be benefited? ”
  - d. Describe your vision of the makerspace in your school.
    - i. What functions will your makerspace play in your making community?
    - ii. Do you think in time your makerspace will introduce new stakeholders? What are their contributions and/or benefits?
